This page provides three different word lists to test pupils on at the end of the week. In some cases, the word lists may become more difficult as the lists move from left to right, but this won't always be the case. Each list provides a differing 10 words and provides flexibility, variation and differentiation opportunities for users where needed.

The grey section provides three additional words from the rule that are not included as part of this learning pack. Some or all three of these words can used in the test to truly test pupils understanding. Teachers should swap out words at their own discretion., or not at all.

This may support delivering a differentiated test if needed.

Rhyme Time Activity

Write one of your spelling words in a circle, then write as many other words that rhyme with it in the same circle.

The worksheet contains ten dashed circles of various sizes and orientations, arranged in a cluster. The circles are intended for a writing activity where students write a spelling word in one circle and then write other words that rhyme with it in the same circle. The circles are distributed across the page, with some overlapping and others separate.

Rhyme Time Activity

Write one of your spelling words in a circle, then write as many other words that rhyme with it in the same circle!

The worksheet contains ten dashed circles of various sizes, arranged in a non-uniform pattern. The circles are intended for a writing activity where students write a spelling word in one circle and then write other words that rhyme with it in the same circle. The circles are distributed across the page, with some overlapping and others separate. The largest circle is in the top right, and the smallest is in the middle right. The other circles are of various sizes and are scattered throughout the lower half of the page.

Small and Smaller Activity

Fill in the grid with your spellings. Choose one word and repeat it in the outside rectangle. Then choose another word and fill in the next rectangle. Continue on to the centre.

The image shows a series of seven concentric rectangles, each centered within the other. The rectangles are arranged in a nested fashion, starting from a large outer rectangle and moving towards a small inner rectangle. The rectangles are drawn with thin black lines on a white background. The outermost rectangle is the largest, and each subsequent rectangle inside it is progressively smaller, creating a tunnel-like effect towards the center. The rectangles are oriented horizontally, with their longer sides parallel to the top and bottom edges of the page.

Small and Smaller Activity

Fill in the grid with your spellings. Choose one word and repeat it in the outside rectangle. Then choose another word and fill in the next rectangle. Continue on to the centre.

The image displays a series of seven concentric rectangles, each centered on the page. The rectangles decrease in size from the outermost to the innermost, creating a tunnel-like effect. The outermost rectangle is the largest, and the innermost is the smallest. This structure is designed for a spelling activity where words are repeated within each successive rectangle, moving from the outside towards the center.
